Dear Suzanne:

I want to thank you for participating once again in our Chocolate Fest this past weekend. Our Homewood businesses have been wonderfully supportive of our community events, and we could not provide these wonderful family entertainments without your participation.

We are always looking for feedback from participants in these events in order to make them more productive for the vendors and more fun for the participants. If you have any suggestions on how to make this event even better next year, please feel free to contact me at 306-3375. For now, please mark your calendar for the third weekend in February for Chocolate Fest 2007. We hope to see you again next year. It is always a pleasure to work with you!

Sincerely,

Bomi Otto
